

Zalenium Views

The image displays two screenshots of the Zalenium web interface, showing different views of the testing environment.

Top Screenshot: Live Preview

The top screenshot shows the "Live Preview" view of the Zalenium interface. It displays two browser windows side-by-side, each showing a different page from the GitHub website. The left window shows the GitHub homepage, and the right window shows the GitHub configuration page. The interface includes a navigation bar with links like HOME, WHY, TRY IT, FEATURES, DOCKER, KUBERNETES, USAGE, HOW, CONTRIBUTING, FAQ, and LINKS. The browser address bar shows the URL <https://opensource.zalando.com/zalenium/>.

Bottom Screenshot: Dashboard

The bottom screenshot shows the "Dashboard" view of the Zalenium interface. It displays a search bar, a table of tests, and a video player showing a browser window. The table of tests lists two tests, both with a status of "Success". The video player shows a browser window displaying the GitHub homepage. The interface includes a navigation bar with links like HOME, WHY, TRY IT, FEATURES, DOCKER, KUBERNETES, USAGE, HOW, CONTRIBUTING, FAQ, and LINKS. The browser address bar shows the URL <https://opensource.zalando.com/zalenium/>.
